## DYSLEXIA IN CHILDREN

Do you have a child who suffers due to Dyslexia?

Are you baffled as to how you might be able to get help for your child?

Would you like to talk to other parents who are going through the same thing?

Do you live in West Sussex?

If the answers to the above are yes then we may be able to help. We are a new group aiming to offer support and advice to the parents of Dyslexic children.

Dyslexia is a learning difficulty, which affects 5% of children. Dyslexic children struggle with spelling, reading, writing and multiplication tables. They may also confuse left and right and have difficulty with organisational skills
